Dear Vice President Harris,

On behalf of the Polish American Congress, an umbrella organization representing at least 10 million Polish Americans, it is my pleasure to extend to you my congratulations on your historic Inauguration as 49th Vice President of the United States of America. As our first female, Black, and Indian American Vice President, you embody the hopes and dreams that countless immigrants, such as Polish Americans, place in their children in this land of opportunity.

You have entered the next chapter of your already impressive life as a public servant, during which you have shown yourself to be a dedicated, brilliant, and hard-working legal advocate in every role that you have served in. We are pleased to hear about your plans to strengthen our country's commitment to NATO, of which Poland has been a member in good standing since the 1990s.

We are confident that, with your political and legal expertise, you will succeed as Vice President of the United States as an advocate for all Americans during this distressing time, and we stand ready to assist you in any way possible.

Sincerely,

Frank J. Spula
President
